Company Profile

Nucle-i Softwise Technologies (nSoft)

Empowering Small Businesses with Intelligent Devices & Retail Solutions

Nucle-i Softwise Technologies (nSoft) is a dedicated technology solutions company focused exclusively on **small and local businesses**. We provide **device-driven retail and security solutions**, including **POS systems, cash registers, surveillance systems, networking solutions, and other security devices**, enabling small businesses to operate efficiently, securely, and intelligently.

nSoft is **backed by MIHBT Tech Sol PLC**, leveraging enterprise-grade technology expertise while specializing in **on-ground deployment and local business support**.

Core Services

- **Point of Sale (POS) Deployment:** Complete POS solutions including hardware installation, software configuration, and integration with inventory and accounting systems.
- **Cash Register Solutions:** Modern cash registers for small and medium retail outlets with secure and easy-to-use interfaces.
- **Retail Device Integration:** Devices such as barcode scanners, receipt printers, and customer displays.
- **CCTV & Surveillance Systems:** Installation of security cameras, monitoring solutions, and remote access for small businesses.
- **Access Control & Security Systems:** Biometric devices, door access controllers, and alarm systems for retail and small business premises.
- **Networking Solutions:** LAN/WAN setup, Wi-Fi optimization, device connectivity, and cloud-enabled networking.
- **Hardware-Based SLAs:** Guaranteed uptime and service-level agreements on all deployed devices.
- **On-Ground Technical Support:** Installation, training, and maintenance for all deployed devices and systems.
